EASTECH

About Company

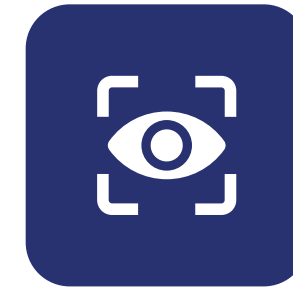

Eastech is an advanced IT and ENERGY company committed to delivering scalable and reliable technology solutions that empower businesses to evolve in a dynamic digital world.

With creativity and excellence at our core, we collaborate with enterprises, NGO's and government agencies to accelerate digital transformation. Our solutions streamline operations, enhance security, and unlock new growth opportunities.

Taking a future-focused approach, we merge expertise with fresh thinking to develop forward-looking solutions that adapt to industry demands , ensuring efficiency, and sustainable progress.

VISION AND MISSION

VISION STATEMENT

To shape the future by advancing intelligent IT and telecom systems that empower industries, foster inclusion, and build resilient economies across Africa. We are committed to delivering secure, ethical, and user-friendly solutions—driven by creativity, continuous learning, and a passion for transforming customer experiences.

MISSION STATEMENT

To become Africa's most trusted partner in tech evolution—empowering industries, uplifting communities, and setting new benchmarks in ICT excellence. We celebrate success through the growth and satisfaction of our clients, delivering high-quality solutions that strengthen their ICT capabilities and drive meaningful progress.

Our Core Values

Innovation

We embrace change and create forward-thinking solutions

Integrity

We act with honesty, transparency, and accountability

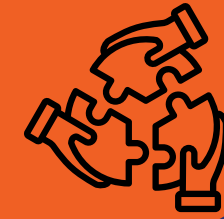

Excellence

We commit to high standards and impactful delivery

Sustainability

We align progress with environmental and social responsibility

Collaboration

We build strong partnerships to achieve shared success

AZ Tech Group From Vision to Reality

01

AZ TECH group introduces a new standard of excellence in computing and data communication, enabling fully integrated IT and telecom solutions.

02

Our vision to build long-term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

03

Our mission to serve customers whose demands are the driving forces behind our development. We continuously create long-term value for customers by being responsive to their needs and requirements. We measure our work against how much value we bring to customers.

04

With over 20 years of expertise in IT solutions, AZ TECH Group delivers fully integrated IT and telecom services across the UAE, GCC, and Africa—empowering digital transformation and regional connectivity.

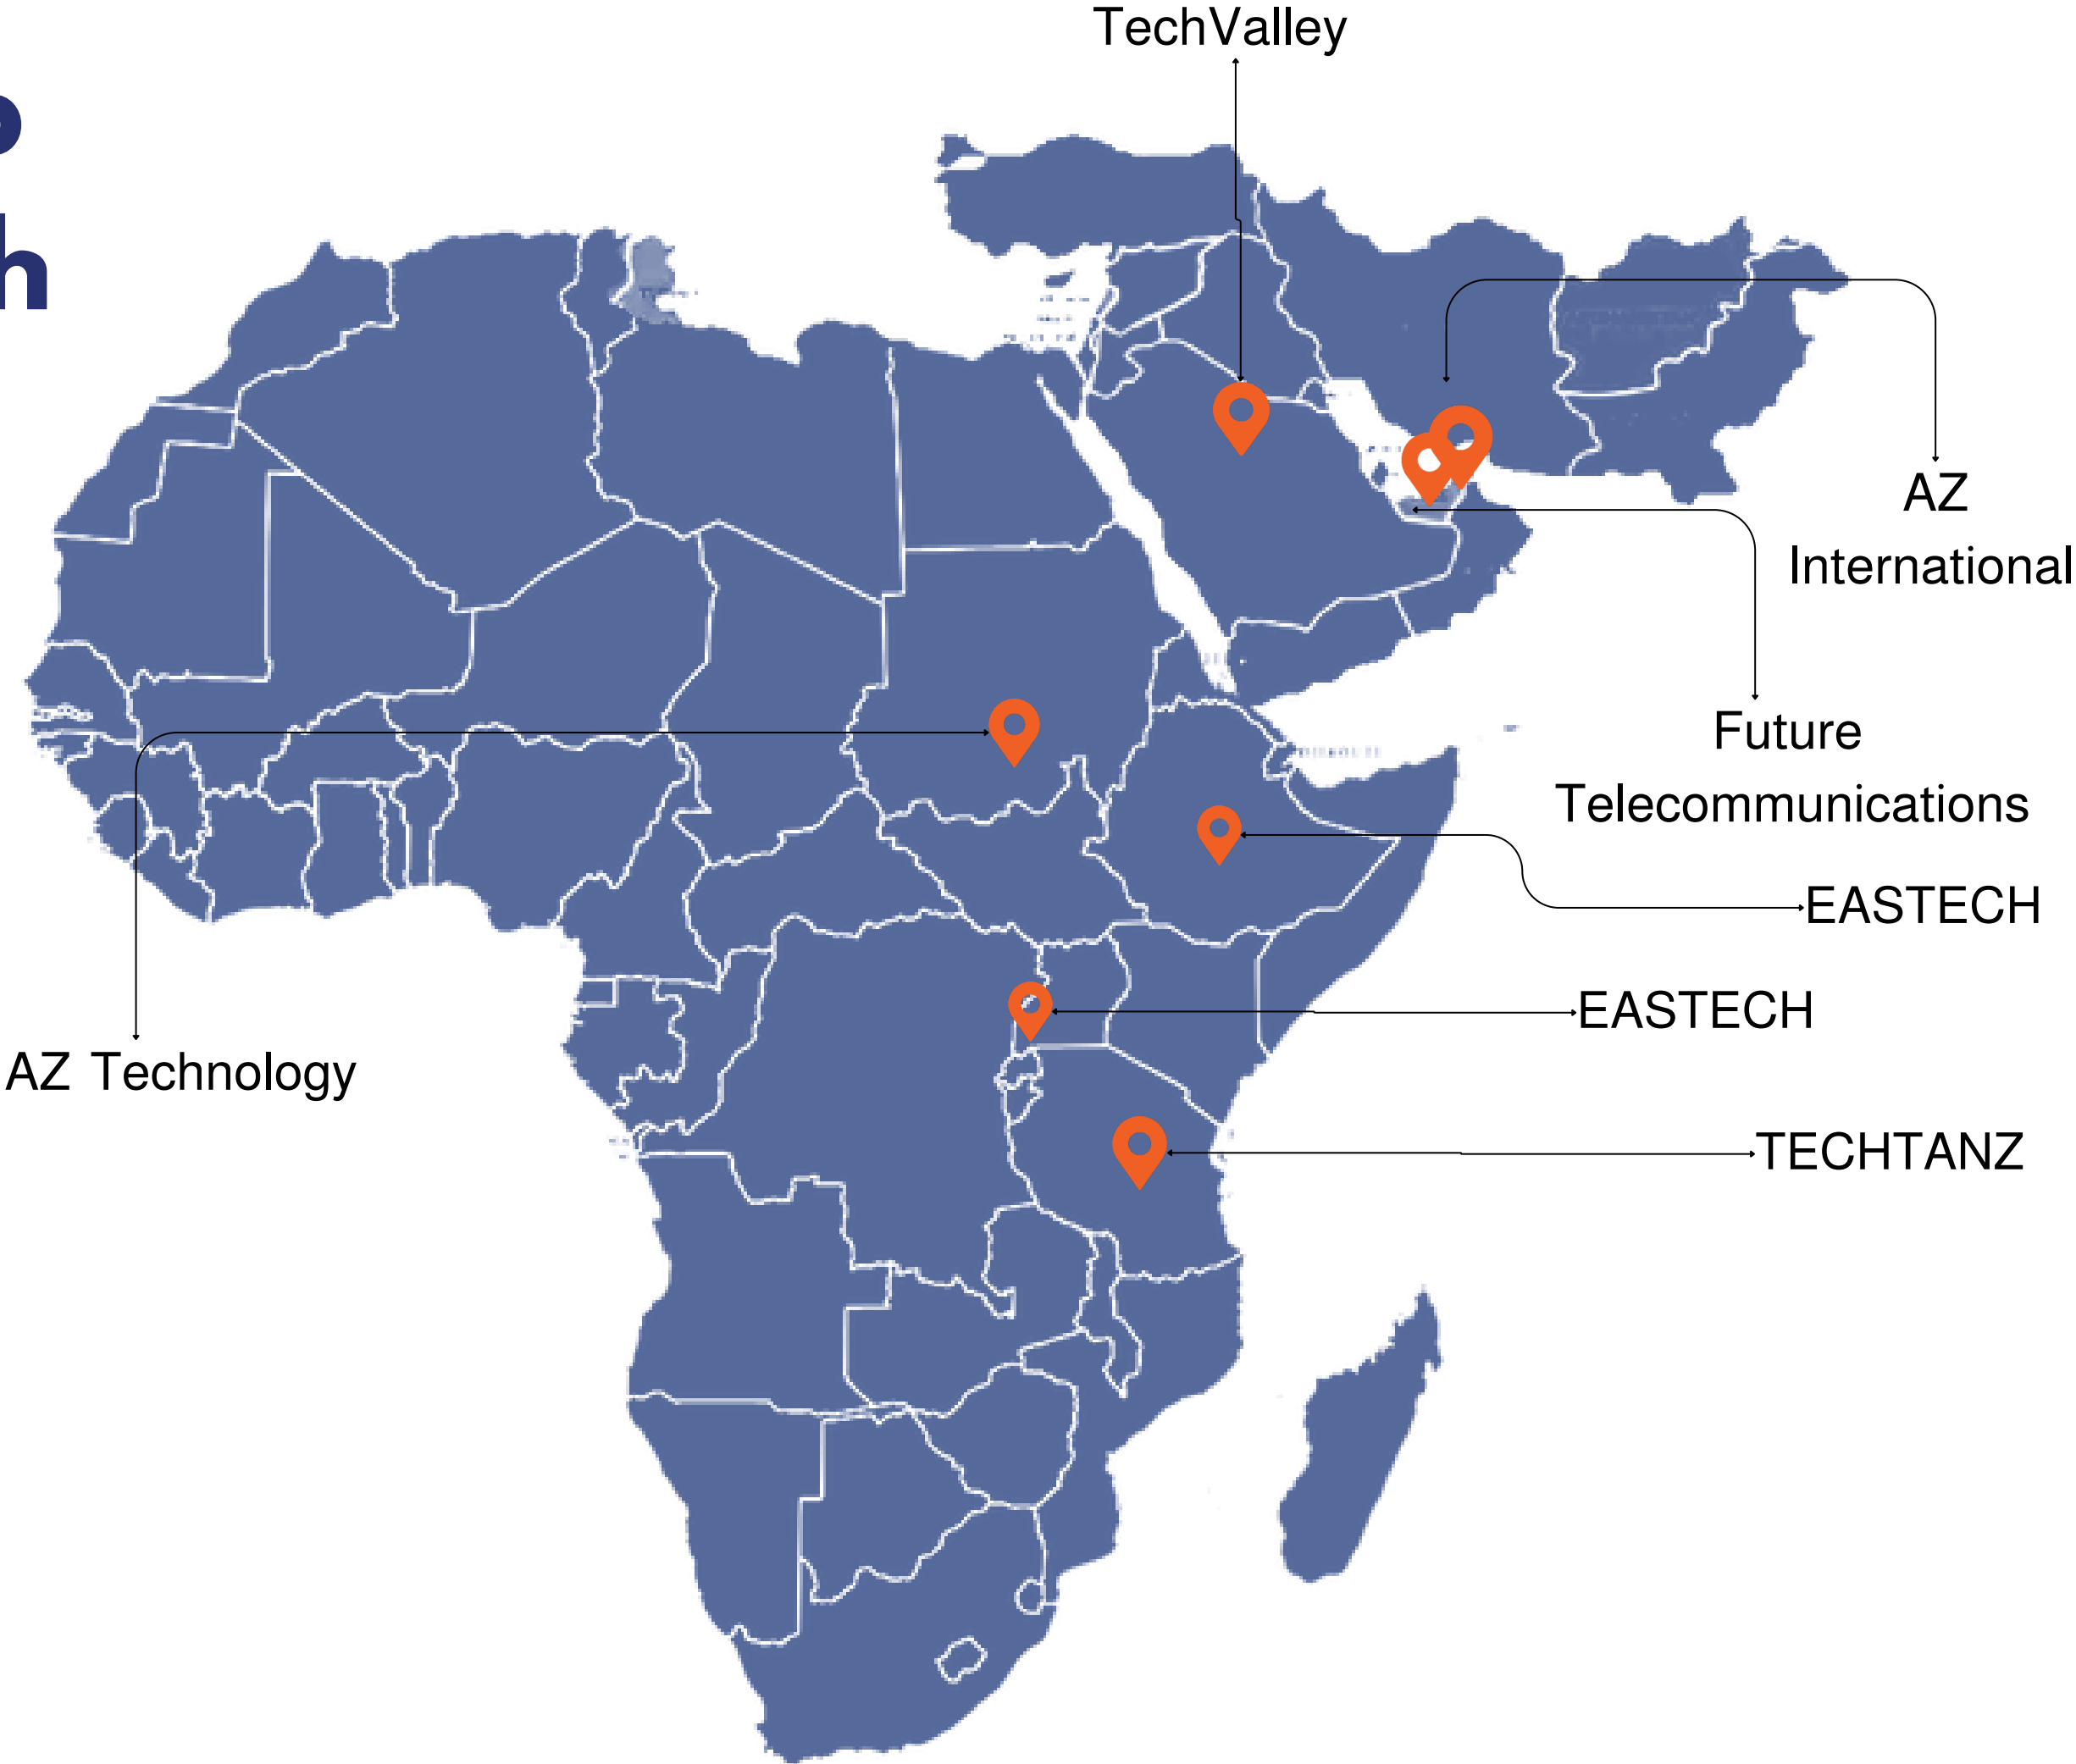

05

We operate through a regional network of offices and subsidiaries, each with local market expertise, technical proficiency, and a strong service reputation.

06

Our approach is rooted in trust, collaboration, and strategic partnerships, with dedication to value creation and long-term customer success. We streamline IT operations to drive lasting efficiency and sustainable profitability.

AZ Tech Group Regional Reach

Our Presence In Rwanda

Rwanda's visionary digital strategy under Vision 2050 has positioned the country as a leader in innovation and technological advancement, fostering an enabling environment for growth and sustainability. Our strategic office in Kigali directly supports this national transformation, serving as a vital hub for advanced IT services that empower key sectors. More than business expansion, our presence reflects a deep commitment to Rwanda's progress—delivering forward-focused digital solutions that strengthen communities and drive long-term development.

Our Services

At Eastech, we offer a comprehensive suite of innovative IT and energy solutions designed to empower organizations, enhance efficiency, and drive sustainable growth.

Cybersecurity Solutions

We provide end-to-end protection for your digital assets, ensuring data integrity, threat detection, and regulatory compliance across all platforms.

Custom Software Development

Tailored web and mobile applications built to streamline operations, automate tasks, and elevate user experience with secure, scalable code.

Servers & Storage Solutions

Reliable server infrastructure and data storage systems designed for performance, scalability, and secure enterprise-grade operations.

Our Services

Datacenter Design & Implementation

From concept to deployment, we build efficient, secure, and high-performance data centers tailored to your organizational needs.

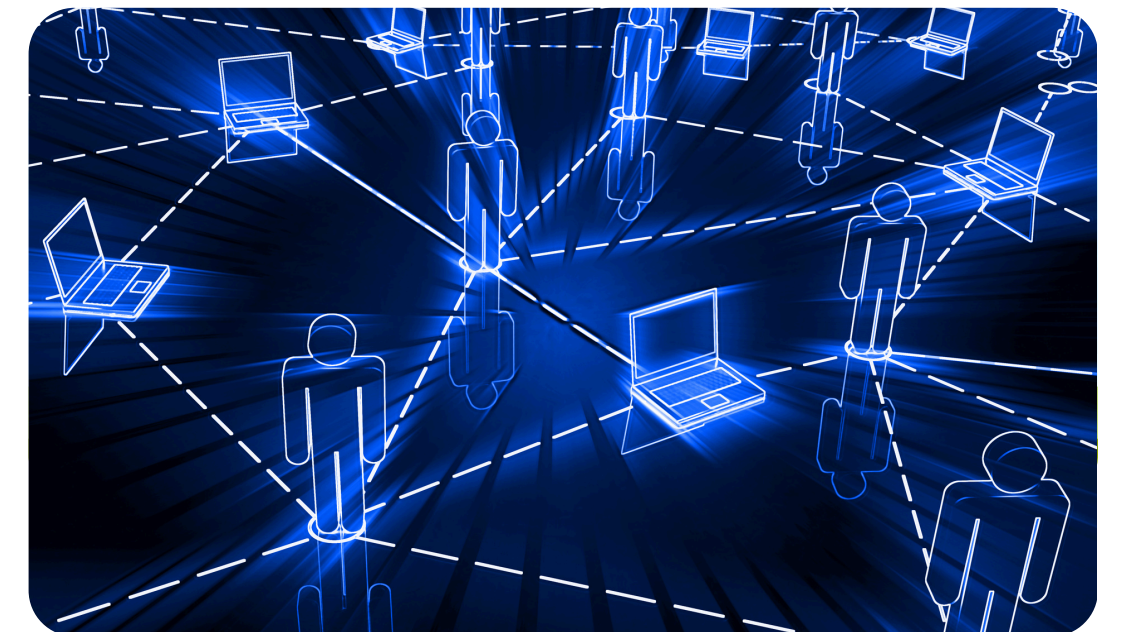

Backup & High Availability Solutions

Ensure business continuity with intelligent backup systems and real-time failover to protect against data loss and downtime.

Hyper-Converged Infrastructure (HCI)

Simplify your IT with integrated compute, storage, and networking in one platform, enabling agility, speed, and easy management.

Our Services

Digital Power & UPS Systems

We provide smart Digital Power & UPS Systems that ensure uninterrupted energy supply, protect critical infrastructure, and optimize power efficiency for modern industrial and IT environments.

IP Telephony Systems

Modern VoIP and IP-based communication systems that reduce cost and enhance clarity across enterprise communications.

Networking Solutions

Robust network architecture and management solutions to optimize connectivity, security, and communication within your organization.

Our Services

CCTV

We provide advanced surveillance solutions with high-definition cameras and remote monitoring. Our systems ensure 24/7 security for homes, businesses, and critical infrastructure.

Smart Homes

Automate your lights, climate, and security with seamless smart home integration. We deliver intelligent control systems that enhance comfort, safety, and energy efficiency.

IoT Solutions

We connect devices, sensors, and systems to enable real-time data collection and smart automation. Our IoT platforms drive efficiency, reduce downtime, and unlock actionable insights for your operations.

Our Services

ERP solutions

We implement customizable ERP platforms to enhance visibility, automate workflows, and drive smarter business decisions.

Solar Equipment

We provide complete solar hardware kits for residential, commercial, and industrial installations—ensuring quality, durability, and performance.

Cloud Solutions

Modern VoIP and IP-based communication systems that reduce cost and enhance clarity across enterprise communications.

Our Success Partners

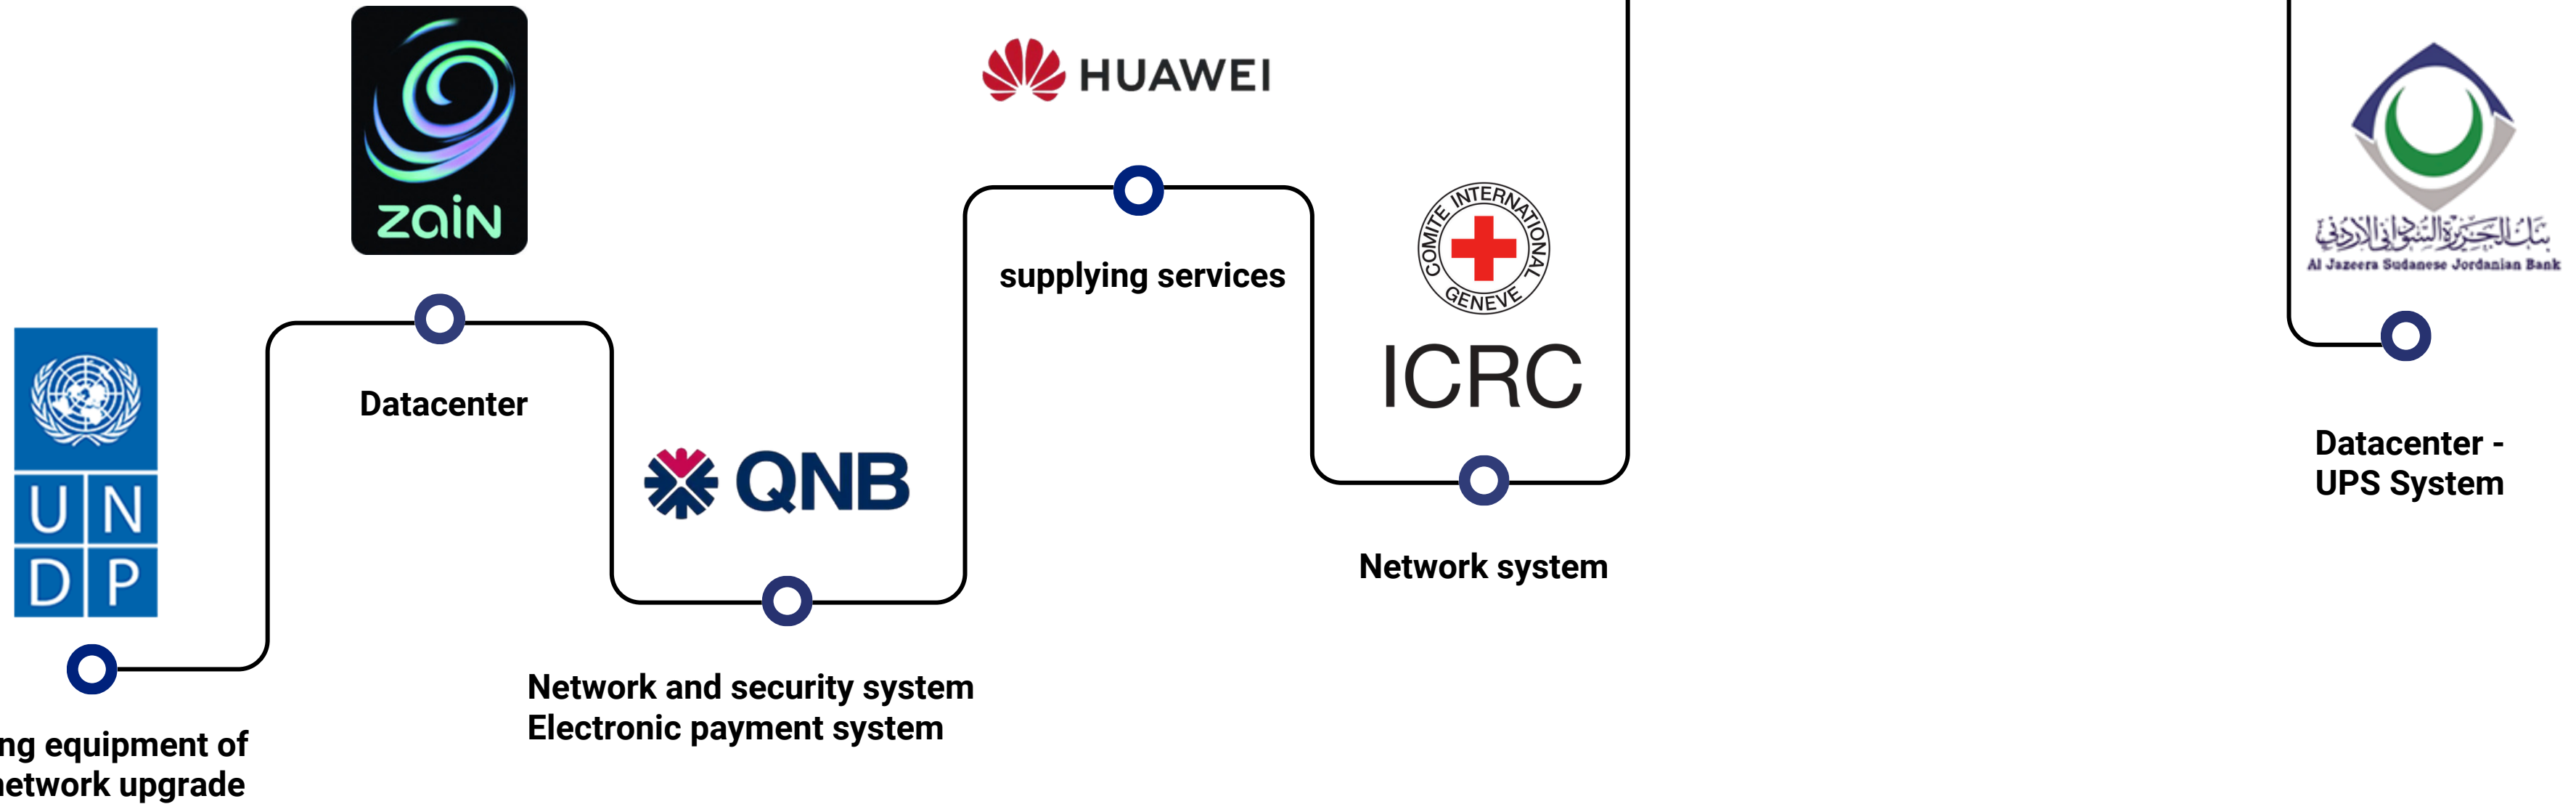

STRATEGIC COLLABORATION. SHARED VISION. LASTING IMPACT.

At Eastech, we believe that sustainable growth is built through strong, trust-based partnerships. Our journey of innovation and transformation is powered by the support and collaboration of visionary partners across sectors.

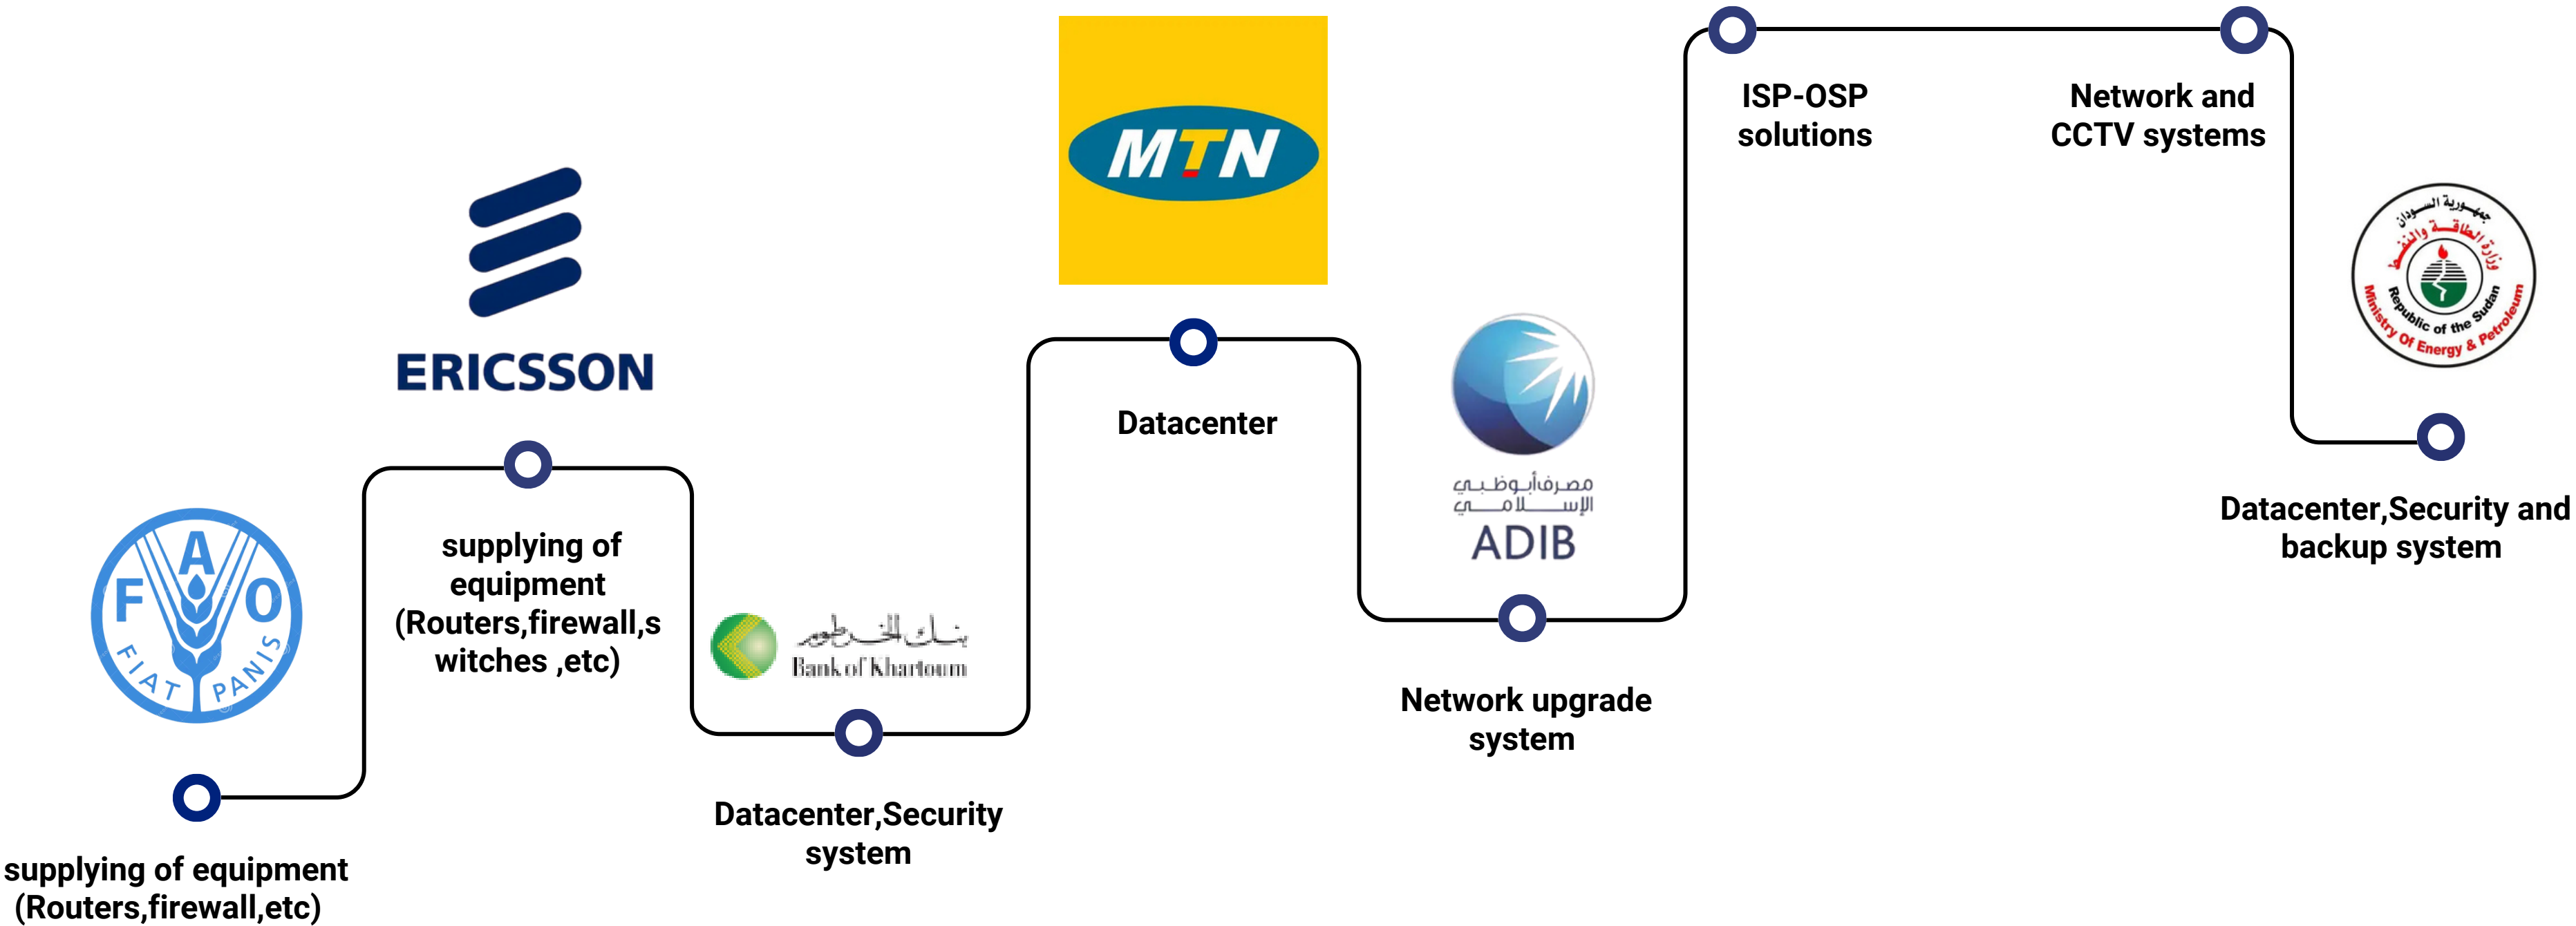

We are proud to work alongside leading technology providers, government agencies, NGOs, and forward-thinking businesses who share our commitment to excellence and impact. Together, we co-create solutions that drive meaningful change and digital empowerment.
